Bästa fotobok 1997! Lars Sundh vann Bästa fotobok med sin bok Ajax & Kingston. I den spännande fotoboken Ajax & Kingston får vi följa två katter, en Oriental och en Devon Rex i deras vardag fotograferade av Lars Sundh. Boken saknar text men bilderna säger mer än tusen ord... Boken vann priset Bästa fotobok 1997 (Svenska fotografers förbund) med följande motivering: Lars Sundh tar upp ett samtida bildtänkande när det är som roligast, inte minst genom det respektlösa förhållningssättet till klassiska fotografikonventioner. Tillsammans med ett humorfyllt anslag och en elegant formgivning gör det Ajax och Kingston till en befriande och ovanlig fotoupplevelse. 1997 års fem nominerade böcker var: Sverige, Sverige, fosterland - Robert Blombäck (Liber) Skogens öga - Mattias Klum (Norstedts) Fotografier (Photographs) 1966-1996 - Anders Petersen (Journal) Ajax & Kingston - Lars Sundh (Koala Press) d+d - Jefferik Stocklassa (Eget förlag/Sasaki Förlag)
